- b) Practicing CA or statutory auditor or audited financial statements to be submitted.

6. Number of Proposals

a) No Applicant shall submit more than one Application for the bid and Applicant can submit proposal for the locations i.e., for Location 1) Pineapple Processing Unit at Tripura Mega Foodpark, NH-8, Khayerpur amtali Bypass Road. Tulakona, Uttar champamura, Tripura-799008

7. Cost of Proposal

- a) The Applicant shall be responsible for all of the costs associated with the preparation of their proposal and their participation in the selection process including subsequent negotiation, visits to the SMFPL offices/projects at CF-9, Salt Lake City, Sector-1, Kolkata700064/ Tripura Mega Foodpark, NH-8, Khayerpur amtali Bypass Road. Tulakona, Uttar champamura, Tripura-799008.
- b) SMFPL will not be responsible or in any way liable for such costs, regardless of the conduct or outcome of the selection process.

8. Site visit and verification of information

a) Applicants are encouraged to submit their respective Proposals after visiting the sites and ascertaining for themselves the site conditions, location, surroundings, climate, access to the raw materials, availability of skilled manpower etc. and study the applicable laws and regulations or any other matter considered relevant by them.

Contact may kindly be made with the following SPV officials for site visit:

- 1) **Name: Project Manager**
Mobile No./ WhatsApp No: 8100176421
Email address: manager@tripuramegafoodpark.com

a. Acknowledgement by Applicant

- i. It shall be deemed that by submitting the EOI proposal, the Applicant has made a complete and careful examination of the EoI; received all relevant information requested from the SMFPL; acknowledged and accepted the risk of inadequacy, error or mistake in the information provided in

the EoI or furnished by or on behalf of SMFPL and satisfied itself about all matters, things and information.

- ii. Applicant acknowledged that it does not have a Conflict of Interest; and agreed to be bound by the undertaking provided by it under and in terms hereof.
- iii. SMFPL shall not be liable for any omission, mistake or error on the part of the Applicant in respect of any of the above or on account of any matter or thing arising out of or concern in correlating to EoI or the Selection Process, including any error or mistake therein or in any information or data given by SMFPL.

b. Right to reject any or all Proposals

- i. Notwithstanding anything contained in this EoI, the Authority reserves the right to accept or reject any Proposal and to annul the Selection Process and reject all Proposals, at any time without any liability or any obligation for such acceptance, rejection or annulment, and without assigning any reasons thereof.

c. Amendment of EoI

- i. At any time prior to the deadline for submission of Proposal, SMFPL may, for any reason, whether at its own initiative or in response to clarifications requested by an Applicant, modify the EoI document by the issuance of Addendum/Amendment
- ii. In order to afford the Applicants a reasonable time for taking an amendment into account, or for any other reason, SMFPL may, in its sole discretion, extend the Proposal Due Date without providing any explanation.

d. Language

The Proposal with all accompanying documents (the "Documents") and all communications in relation to or concerning the Selection Process shall be in English language and strictly on the forms provided in this EoI. No supporting document or printed literature shall be submitted with the Proposal unless specifically asked for and in case any of these Documents is in another language, it must be accompanied by an accurate translation of the relevant passages in English, in which case, for all purposes of interpretation of the Proposal, the translation in English shall prevail.

e. GFR 2017: EOI shall duly comply the provisions of GFR-2017 (i.e. Rule 186 etc.)

14. Technical Proposal

- a) Applicants shall submit the technical proposal in the formats as per EoI (the "Technical Proposal").
- b) While submitting the Technical Proposal, the Applicant shall, in particular, ensure that:
 - The Bid document fee is provided.
 - All forms are submitted in the prescribed formats and signed by the authorized signatories.
 - Power of Attorney is executed as per Applicable Laws.

c) In case it is found during the evaluation or at any time before signing of the Agreement or after its execution and during the period of subsistence thereof, that one or more of the eligibility conditions have not been met by the Applicant or the Applicant has made material misrepresentation or has given any materially incorrect or false information, the Applicant shall be disqualified forthwith.

d) Late Proposals: Proposals received by the Authority after the specified time on Proposal Due Date shall not be eligible for consideration and shall be summarily rejected.

15. Confidentiality

a) Information relating to the examination, clarification, evaluation, and recommendation for the selection of Applicants shall not be disclosed to any person who is not officially concerned with the process or is not a retained professional adviser advising the Authority in relation to matters arising out of or concerning the Selection Process. SMFPL shall treat all information, submitted as part of the Proposal, in confidence and shall require all those who have access to such material to treat the same in confidence.

16. Short listing of successful applicants at Technically Qualified Stage

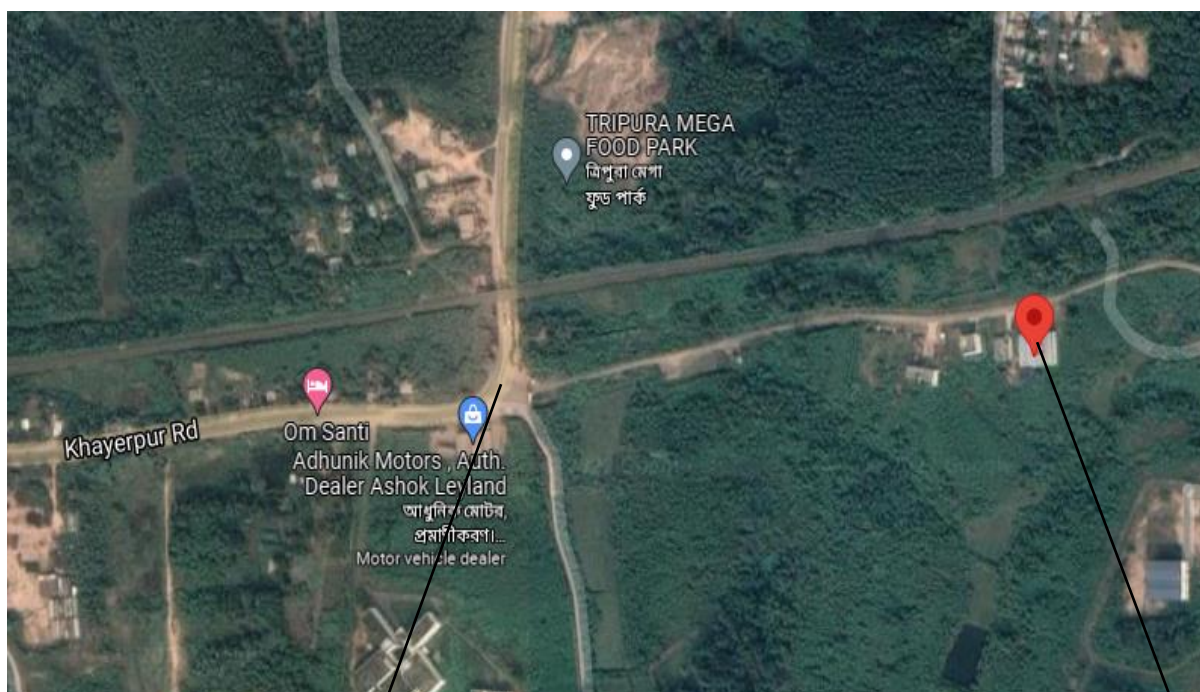

- a) Financial Bid shall be opened successfully for technically qualified applicant.
- b) The highest bidder shall be awarded with LOI (Letter Of Intent). Subsequently SMFPL shall execute agreement with the successful bidder (as per model agreement enclosed)
- c) Company reserve the Right to negotiate with H1 & H2 (H1= 1st Highest bidder, H2= 2nd Highest Bidder)

17. Issue of LOI to Successful bidder

- a) After receipt of LOI, successful bidder has to submit three month advance rent as per the awarded / LOI within 3 working days to SMFPL preferably.
- b) Successful bidder shall submit 12 post dated cheques towards monthly remittance to SMFPL within 3 working days preferably.
- c) After receipt of above said (3 month advance rent + 12 month post dated cheques) the SMFPL shall execute the authorization agreement as per model format.
- d) Agency/ Operator must affix & maintain display board as per the format in English, Bengali & kakborok versions (size of the each display board should be minimum 2 ft × 2 ft) on Entrance Gate of each facility. Format of Display is available in EOI document.

Proposed Project Land Location

Tripura Mega Foodpark, Tripura (Approved by MoFPI, Government of India) at NH-8, Khayerpur amtali Bypass Road. Tulakona, Uttar champamura, Tripura-799008

NH-8, Khayerpur amtali Bypass Road

**Pulping/ Processing Unit
23°48'39.7"N 91°20'20.4"E**

- (1) **Loading Ports:** Chittagong Port is located approximately 160 km from our premises.
- (2) **Custom Clearance:** There is one land custom clearance at Akhaura Border and the same will be used from Kolkata to Agartala via Dhaka is active and the container yard for the same will be located in our premises which will reduce the distance of Kolkata to Agartala from 1600 km to 550 km. There is another custom clearance which is been developed at Sonamura to move cargo via water way.
- (3) **Rail Transport:** Agartala Railway station is located approximately 10 km from our premises and Railway siding and container yard is up coming in our premises only.
- (4) **Road Transport:** Kolkata from Agartala is located approximately 1600 km and we need to work of the cost for the same.

(5) UP-COMING INFRASTRUCTURE PROJECTS IN TRIPURA MEGA FOOD PARK PREMISES

	CONCOR (Container Corporation of India Limited) in association with Sikaria Mega Foodpark Private Limited (Special Purpose Vehicle) Company under Ministry of Food Processing Industries, Government of India, is planning to set a Railway Siding and Container Yard. It will be functional by end of 2022.
	Sikaria Mega Foodpark Private Limited (Special Purpose Vehicle Company) in association with Central Warehouse Corporation is setting up a Rail Side Modern Warehouse of about 2,00,000 sq.ft. which will be operational by the end of 2022.
	Sikaria Mega Foodpark Private Limited (Special Purpose Vehicle Company) has earmarked 7.89 Acres of land for development of HIG /MIG Residential Complex with 5 Star Club facilities in collaboration with Central Government Public Sector Undertakings / reputed private sector Agencies. MOU with the perspective party is under negotiation for development of 14,00,000 sq.ft. Commercial-cum-Residential Complex with 5 Star Club facilities and MOU will be signed shortly. This project will start by Feb 2022 at ground level.
	Sikaria Mega Foodpark Private Limited has allocated developed industrial plots to many food processing industries. Out of all, 7 upcoming Units are subsidiary companies of Sikaria Mega Foodpark Private Limited, working towards development of Tripura State.

Cluster Profile:

The main objective of the pulping/ processing unit is to modernization/ expansion of existing food processing units with a view to increasing the level of processing the level of processing, value addition leading to reduction of wastage. The processing activities undertaken by the individual unit cover a wide range of post-harvest processes resulting in value addition and/or enhancing shelf life with specialized facilities required for preservation of perishables. While expansion of processing capacity is necessary to increase the level of processing and reduce wastage, the induction of modern technology is intended to make a clear difference in terms of process efficiencies as well as improving the quality of the end product. Given that the processing unit is located in Tripura Food Park, Tripura (Approved by MoFPI), Government of India) the focus of procurement would be primarily from within the state and some bordering districts of other state. However as, Tripura is small state, western part of the state will be covered as primary cluster and eastern part will be covered as secondary cluster for the proposed project. Further, adjacent states will be used for procurement of raw material. The primary catchment area would be the focus area for procurement of mustard and mushroom.

Factor considered for Integrated Processing Unit:

The following factors are required to be considered for selecting an appropriate site for processing unit:

- Availability of all the machinery of Pulping/ Processing.
- Connectivity to road, rail, air
- Availability of human resources
- Availability of utilities like power and water

Power Connection:

The Unit already have electricity connection in the existing Unit. The Unit is connected with industrial power connection with round the clock power supply. Power supply connection is provided by TSECL, Government of Tripura.

Connectivity:

Proposed land location well connected by NH8 (Shillong-Agartala-Subrum Road) as well as Railway station of Agartala Railway Station. The State Capital has 6 KM and taking time 15-20 Minutes by road.

Water Source:

Pineapple Pulping/ Processing Unit already have water supply system.

Effluents:

The process does not discharge any harmful effluents. The sources of effluents are given below:

1. Washing of Raw Material
2. Washing of Equipments
3. Sanitation

The applicant has to set up its own ETP in the Unit for the treatment of effluents discharged by the unit.

Solid Waste:

The unit would generate solid waste in the form of unused farm material in the pineapple. This material is good green fodder and finds premium for consumption with cattle and domesticated animals. The farmer of the area will take it or The unit already have solid waste digester, which may be used as per requirement.

Manpower Source:

As Agartala is only 6 KM and distance cover time in only 15-20 minutes by road also the required manpower hire from locally which is available.

Seasonality & Raw Material Availability in the region:

As crop seasonality and data on marketable surplus of the Pineapple the total days of operation of the Multiple Fruits & Vegetables Pulping/ Processing Unit processing facility are 150 Days for Pineapple & balance time of the year other fruits & vegetables (such as Jackfruit, tomatoes, Lime, Lemon, Ginger, Passion fruit, Dragon Fruit, Kinnoo, oranges, turmeric) may be processed. So the Unit i.e. Multiple Fruits & Vegetables Pulping/ Processing Unit may be operational throughout the year.

Seasonality for Pineapple

Raw materials Market Availability for Pineapple

Kew							P	P	L			
Quantity					3.09 MT/ha	10.05 MT/ha	15.15 MT/ha	9.37 MT/ha	2.39 MT/ha			

Source: Horticulture & soil Conservation, Tripura

Arrangements of Raw Material Procurements:

THCL, A Government of Tripura Undertaking confirmed to enter MoU with M/s Sikaria Mega Foodpark Private Limited in turn SPV shall enter in MOU on back to back basis with the Operational Agency of the Unit .

The pineapple Pulping Unit will procure the same raw material directly from M/s Sikaria Mega Foodpark Private Limited if they want or if the applicant want then they can procure raw material of their own.

However, the proposed project can also procure raw material from local farmer and finished product can also be consumed by the local market of entire N.E States.

Tripura already have 470 no of primary rural registered market (source: <https://farmersporrtal.tripura.gov.in/marketlist.html>), 84 No registered 20 APMC market (Source: <https://farmersporrtal.tripura.gov.in/marketlist.html>) for procure the raw material.

District-wise Area and Production of Pineapple in Tripura:

Pineapple is cultivated in almost all districts of the State. The district like Dhalai, Unakoti, North Tripura and Khowai predominantly produce Kew variety of pineapple, which is highly suitable for processing into value added products as canning, concentrate, squash, jam, jelly and juice. Due to lack of processing infrastructure in the region, the production of kew variety is mostly traded outside of the State. Whereas the districts in the west and south i.e Sepahijala, South Tripura, Gomati & West Tripura mostly grow Queen Variety of pineapple, which is suitable for table consumption and primarily used for local consumption. In terms of production, Dhalai is the major contributor accounting about 37730 metric tons

i.e. about 30% of the State production of pineapple. Together, with the production in adjoining Unakoti district, the production cluster accounts for about 47000 metric tonnes i.e nearly 40% of the State production of pineapples

Two varieties of Pineapples are available in Tripura during mid-May to mid-September. The varieties are Queen and Kew.

Queen Pineapple - Fruits are Spiny, golden yellow in color and emits pleasant aroma and flavor at the ripen stage. The fruits are harvested when eyes turns yellow during mid-May to mid-July when the fruit is available. Average weight of fruit varies from 600 Grams to 800 Grams. It possesses all the good Organoleptic qualities. Juice bright yellow color. TSS varies from 10o to 14o brix depending upon the stage of maturity and season. PH 4 to 4.5. Water content 80 percent to 90 percent. Sweetness and unique aroma differentiates it with Pineapple of other region of North East India.

Kew Pineapple- Spineless large size fruit weight varies from 1.5 Kg. to 3 Kg. Highly juicy with TSS content 8° to 12° brix. The colour of Juice is light yellow with considerable aroma and flavor. Highly suitable for canning. Pineapples harvested at half ripe stage can be kept fresh for 1 to 3 weeks at 12° c to 13°c. Farmers have pioneered pineapple cultivation in Tripura. In their traditional lore too, they have carefully preserved a belief. That “pineapple would never betray them”. That, any crop may fail in an unfavorable circumstance, but pineapple is just a viable crop of survival, providing substantial income year after year.

Details of Our Pulping Unit:

We are a Special Purpose Vehicle (SPV) company named M/s. Sikaria Mega Foodpark Private Limited working under the administrative control of Ministry of Food Processing Industries, Government of India for implementation, operation and expansion of Mega Food Park in the North Eastern State of Tripura of the country.

Our project is situated in Tripura Mega Food Park, NH-8, Khayerpur amtali Bypass Road. Tulakona, Uttar champamura, Tripura-799008

Google Location: 23°48'39.1"N 91°20'07.2"E
Shillong - Agartala - Sabrum Rd, Tripura 799004
<https://goo.gl/maps/4LxUTZif1Ft2yAjG6>

As desired by you, we give below the details of Pulping/ Processing Unit.

1. Pulping Line Capacity : 2MTPH
2. Canning Capacity : 2MPH
3. Area of Plant Situated : 475 Sq. Mtr. (Plot No.8) and 350 Sq.Mtr. approx extra land of front side of the building and around the building situated at Tripura Mega Food Park (Approved by Ministry of Food Processing Industries, Government of India), tulakona and Uttar Chamapura Mouza, West Tripura, Tripura-799 008.
4. List of Machinery : Complete Pineapple Pulping Line (Complete details of machinery is attached with the Details of Machinery).

Detail's of our Machinery:

WASHING TANK

- 1) THIS TANK USE FOE NORMAL WATER AND CLORINATION WASH
- 2) CAPACITY OF THE MACHINE LESS THEN 400PINEAPPLES
- 3) QUANTITY OF THEMACHINE IS 1.

WASHING MACHINE

- 1) THIS MACHINE USE TO WASH NORMAL WATER BY SHOWER
- 2) CAPACITY OF THE PINEAPPLE 400 PINEAPPLE PER 60 MIN
- 3) QUANTITY OF THE MACHINE

PINEAPPLE SIDE CUTTER MACHINE

- 1) THIS MACHINE USE TO CUT THE HEAD ABOVE AND BELOW THE PINEAPPLE
- 2) THE CAPACITY OF THE MACHINE IS $200+200= 400$
- 3) QUANTITY OF THE MACHINE 1

Pilling Machine

- 1) THIS MACHINE USE TO REMOVE OUTER LAYER OF PINEAPPLE
- 2) CAPACITY OF THE MACHINE IS $100*4 P = 400$
- 3) QUANTITY OF THE MACHINES 4

MILLER MACHINE

- 1) THIS MACHINE USE TOGET OUT OF PULP FROM PINEAPPLE
- 2) CAPACITY OF THE MACHINE IS 300 PINEAPPLEPER 60 MIN
- 3) QUANTITY IS 1

STEAM JACKET MACHINE

- 1) THIS MACHINE IS USE TO HEAT THE PULP FOR KILL THE BETAIA(E-COLI) AND INCREASE THE BRIX
- 2) CAPACITY OF THE MACHINE IS 200*4= 800PIN PER 120 MIN
- 3) QUANTITY OF THE MACHINE IS 4

MIXER MACHINE

- 1) THIS MACHINE USE TOHELP MIXING OR PRESERVATIVE IN PULP PROPERLY
- 2) CAPACITY OF THE MACHINE IS 200 PINEAPPLEPER 60 MIN
- 3) QUANTITY OF THE MACHINE IS 1

CANN STERILIZER

- 1) THIS MACHINE USE STERILIZ THE CANN
- 2) CAPACITY OF THE MACHINE IS 20 CANN PER MIN
- 3) QUANTITY OF THE MACHINE IS 1

CANN FILLING MACHINE

- 1) THIS MACHINE IS USE TO FILL THE PULP IN CAN
- 2) CAPACITY UNKOWN
- 3) QUANTITY 1 AND 3 LINE

BOILER

- 1) THIS MACHINE IS TO STERILIZE THE FILLING CANN(with pulp) IN 125 DEG CELCIES FOR 15 MIN
- 2) CAPACITY OF THIS MACHINE 28*2 CANN
=56 CANNS QUANTITY 2 COOLING TANK
- 3) THIS TANKN USE TO COOL THE HOT CANN
- 4) CAPACITY 200 CANN

COOLING TANK

- 1) THIS TANK IS USED TO COOL THE HOT CANN
- 2) THIS TANK IS USED TO COOL THE HOT CANN
- 3) CAPACITY 200 CANN
- 4) QUANTITY OF THE MACHINE IS 1

EOI: Multiple Fruits & Vegetables Pulping/ Processing Unit (Selection of Partner &/Operators)

Specifications

Sl. No.	Name of Equipment's	Capacity	Specification
1.	Electronic Weighing Machine, Weighing Capacity: 50 Kg – 200 Kg. For Business	1 MT	Digital Weighing
2.	Washing Vat with fruit movement arrangement	2 MT / KG	Fabricated from stainless steel 304 type sheet, all joints argon welded and ground smooth and polished. The tank is supported on stainless steel angle framed structure, having one water outlet, fitted with valve. One no. perforated sheet made platform inside the tank will be provided. 1 HP NEC make 440 volts 3 phase AC Motorised fruit movement arrangement, made of stainless steel is included. Dimension: 8'ft L x 3'ft W x 2'ft D
3.	Inclined Conveyor	2MT/H	MOC : Supporting Structure – Mild steel angle and channel combined structure. Conveyor Belt is of thick PVC having arresting Cleats at required distance. Motor : 1 HP 440 volts 3 phase AC NEC make. Gear Box : Premium, made by Greaves. Supply is complete with Idler, Roller etc. to complete the unit. Side guard : Fabricated from Stainless steel thick sheet. Dimension : 12'ft L x 1.5'ft W.

Sl. No.	Name of Equipment's	Capacity	Specification
5.	Feeding Table	2 MT/H	MOC: Supporting Structure – Mild steel angle and channel combined structure.
6.	Semi-Automatic Side Cutter for Pineapple	2 MT/H	Stainless steel Slat Conveyor, operated by 1.0 HP 440 volts 3 phase AC Motor of 'NEC' make in combination with speed reduction Gear Box. Supporting Structure of the Conveyor is of Mild steel angles. Conveyor : 6' L x 8" x 3' ft. H 1.5 HP NEC 440 volts 3 phase AC motor operated stainless steel blades are placed at two sides of the Conveyor, which cuts both end of Pineapple.
7.	Moving Trolley	100 KG	M.O.C: SS304 Cap: 200 kg.

EOI: Multiple Fruits & Vegetables Pulping/ Processing Unit (Selection of Partner &/Operators)

8.	Semi Auto Pineapple Peeling System for Pineapple	250 KG/H	Material Stainless Steel Operating Temperature 50 Deg C to 250 Deg C Temperatures with accuracy of ± 1 Deg C Voltage 220 Volts AC main Driven Type Electric Air Blower 2 of 1 Hp/3ph
9.	Working Table	100 KG/H	U shape Stainless steel channel, Supported on stainless steel angle framed structure. Dimension of the Table : 2'ft L x 6" W x 3'Ft H-One 1.5 HP NEC make 440 volts 3 phase AC Motor in combination with Gear Box operated stainless steel pressing arrangement of Pineapple into round knife suitably placed. Structure of Stainless steel angles, properly welded and polished. Round Knife ha cutting edge to cut the pineapple into four pieces and peel into four pieces. The movement of the pressing arrangement will be done by suitable cam, the speed of which is adjustable by AC Drive.
10.	Flat Conveyor	500 KG/H	MOC : Supporting Structure – Mild steel angle and channel combined structure. Conveyor Belt is of thick PVC. Motor : 2 HP 440 volts 3 Phase AC NEC make Gear Box : Premium, made by Greaves Supply is complete with Idler, Roller etc, to complete the unit. Side guard: Fabricated from Stainless Steel thick sheet. Dimension : 12'ft L x 1.5'ft W Supply is complete with 2 nos. Stainless steel top table – one at each side. Table Size: 12'ft long x 1'ft W x 2.5 ft H
Sl. No.	Name of Equipment's	Capacity	Specification
11	Inclined Conveyor to feed into the Fruit Crusher	500 KG/H	MOC: Supporting Structure – Mild steel angle and channel combined structure Conveyor Belt is of thick PVC having arresting Cleats at required distance, Motor : 21e Gear Box : Premium, made by Greaves Supply is complete with Idler, Roller etc. to complete the unit. Side guard : Fabricated from Stainless Steel thick sheet Dimension : 6'ft L x 8" W.

EOI: Multiple Fruits & Vegetables Pulping/ Processing Unit (Selection of Partner &/Operators)

12	Fruit Mill / Crusher	500 KG/H	MOC: Contact Parts : Main Body of 1.5 mm thick combined with 4 mm and 8 mm thick 304 type 18/8 quality stainless steel sheet of 304 quality. Supporting Structure : Mild steel angle framed structure. Welding : All joints are Argon welded. Cutting Teeth setting : Stainless steel 4 and 3 mm thick pati of 304 quality. Motor : 1 HP 440 volts 'NEC' make three phase AC Supply is complete with Motor, Main
13	Pulper	500 KG/H	MOC : Supporting Structure : Mild steel angle framed structure. Welding : All joints are Argon welded Cutting Teeth setting : Stainless steel 4 and 3 mm thick pati of 304 quality. Motor : 1 HP 440 volts 'NEC' make three phase AC Supply is complete with Motor, Main
14	Stainless Steel Storage Vat	500 KG	304 quality stainless steel sheet fabricated tank with outlet from bottom side.
15	Stainless Steel Storage Vat	250 KG	304 quality stainless steel sheet fabricated tank with outlet from bottom side.
16	Emulsifier	500 KG/H	MOC: Mid Steel with stainless steel blade 1 HP Moter
17.	Peristaltic type Stainless Steel Transfer Pump	1 HP	Stainless steel

EOI: Multiple Fruits & Vegetables Pulping/ Processing Unit (Selection of Partner
&/Operators)

Sl. No.	Name of Equipment's	Capacity	Specification
18.	Steam Jacketed Kettle, Stationary Type, with mechanical Agitator	225 KG per Batch	Double walled model, Pan is fabricated from 3 mm thick and Jacket also is fabricated from 3 m thick 304 type stainless steel sheet, properly welded to withstand working steam pressure. All joints are Argon welded and polished. Supporting structure is made from stainless steel pipe framed structure. The Kettle is equipped with 2 HP Bonfiglioli Geared motor operated agitating system. The rod and shaft is also made from 304 quality stainless steel rod and flat bar. Product outlet is provided from bottom fitted with 2" stainless steel ball valve. The kettle is insulated by ceramic blanket at its outer surface. Supply is complete with Pressure Gauge, Safety Valve and High pressure withstanding flexible Pipe.
19.	Optional Cooling System	500 Ltr/H	Stainless Steel Tank of 1000 Litters capacity, having refrigeration system By Hermetically sealed adequate capacity Compressor, with its components and copper cooling coil widely distributed inside the tank, is provided to circulate water of temperature in between 2 to 3 ⁰ C through pump to jacket of chilled water stainless steel tank – One Shell and Tube type Heat exchanger, made from 304 type Stainless Steel tubes in tube, all joints are properly argon welded and polished For hot process – One Water circulating pump, operated by 1 H.P motor - One
20	Stainless Steel Dump Tank	1000 Ltr	Fabricated from 304 18/8 quality stainless steel sheet of 2 mm thickness, all joints argon welded and polished.
21.	Gravity Filler	50 Ltr	Contact parts are of Stainless Steel Sheet with mechanical Gravity filling arrangement to filling
22	Straight Line Exhaust Box	500 KG/H	Conveyor is of Stainless Steel Slat type, supported on mild steel angle framed structure. Cover is of thick aluminium sheet. In three Speed. Overall length – 18'ft. Operated by 1 H.P motor
23	SS Slat Chain Conveyor	500 KG/H	Conveyor is of Stainless-steel Slat type, supported on mild steel angle framed structure. Cover is of thick aluminium sheet. In three Speed. Overall length – 10'ft.
24	Rotary Machine	500 KG/H	Stainless-steel with 1 H.P. motor
Sl. No.	Name of Equipment's	Capacity	Specification

EOI: Multiple Fruits & Vegetables Pulping/ Processing Unit (Selection of Partner &/Operators)

25	Seaming Machine	600 No / H	Mounted on Mild Steel Stand, Consisting of rotary flat body reformer and hand flanger. Capacity approx. 600 Cans/bottle per hour. Equipped with 1 H.P 3 phase 440 volts motor and starter. Complete with Flanging dies and rubber mandrals of 401 and 603 .
26	Mild Steel label machine	500 MT/H	MOC: Mild steel stand with Stainless-steel 1 HP motor and panel board
27	Batch Cad, Exp Printer with Conveyor	1000/H	VDO Jet 1 HP Motor
28	Can Reforming Unit	600 Can/H	Mounted on Mild Steel Stand, Consisting of rotary flat body reformer and hand flanger. Capacity approx.600. Cans per hour Equipped with 1 H.P. 3 phase 440 volts motor and starter. Complete with Flanging dies and rubber mandrals of 401 and 603
29	Retort	100 Can	Fabricated from 3 mm thick mild steel plate, properly welded on all joints. 12 mm thick mild steel ring is welded on top of the unit. Paddle lifted lid is made from combination of 10 mm thick ring and 5 mm thick mild steel plate. Equipped with cast iron tightening Nuts, bolts, gasket, pressure gauge and safety valve. Supported on mild steel made legs. Capacity: 100 cans of 401 and 603 size cans at a time.
30	Colling Vat	200 Ltr	Civil Tank
31	Table	Big Part	MOC: Mid Steel
32	Table	Small Part	MOC: Mid Steel
33	Grading Machine	50 KG/H	MOC: Mid Steel and Stainless steel 1 H.P motor and panel board
34	Boiler / Pressure Vessel	600 KG/Hr.	Feed water pump with motor, v-belt and pulley mounted on the skid. Feed water piping from feed water pump up to boiler inlet Feed water pump pressure gauge with dampening cock Feed water pressure relief valve Non-Return valve at feed water pump discharge. Strainer for feed water pump Temperature indicator for feed wager Magnetic level switch for protection against No /Low water level

ORGANIZATION NAME: - SIKARIA MEGA FOODPARK PVT LTD

UNIT NAME-TRIPURA MEGA FOOD PARK

DIVISION: -

(1) Brief Infrastructure Description(Available at SMFPL'S Site on additional rent/charges basis):

1.	Dry Warehouse	1550 Sqm (Double Height)
2.	Packaging Building	250 sqm (Double Height) To be used for integrated packaging or storage of material
3.	PP Building	465..... (Double Height) Can be used for increasing production infrastructure or storage of material.
4.	Dharmanagar Warehouse, North Tripura District (Primary Processing Centre)	280 Sqm (Double Height) Can be used for Collection of Raw Material
5.	Sidhai Warehouse, Shipaijla District Tripura (Primary Processing Centre)	280 Sqm (Double Height) Can be used for Collection of Raw Material
6.	Jolaibari Warehouse (Primary Processing Centre), West Tripura District	280 Sqm (Double Height) Can be used for Collection of Raw Material
7.	Sonamura Warehouse (Primary Processing Centre) , South Tripura District	280 Sqm (Double Height) Can be used for Collection of Raw Material
8.	Sabroom Warehouse (Primary Processing Centre), Gomti District, Tripura	280 Sqm (Double Height) Can be used for Collection of Raw Material.
9.	Cold Storage 1	2000 Sqm With a clear height of 6 Meter with has 4

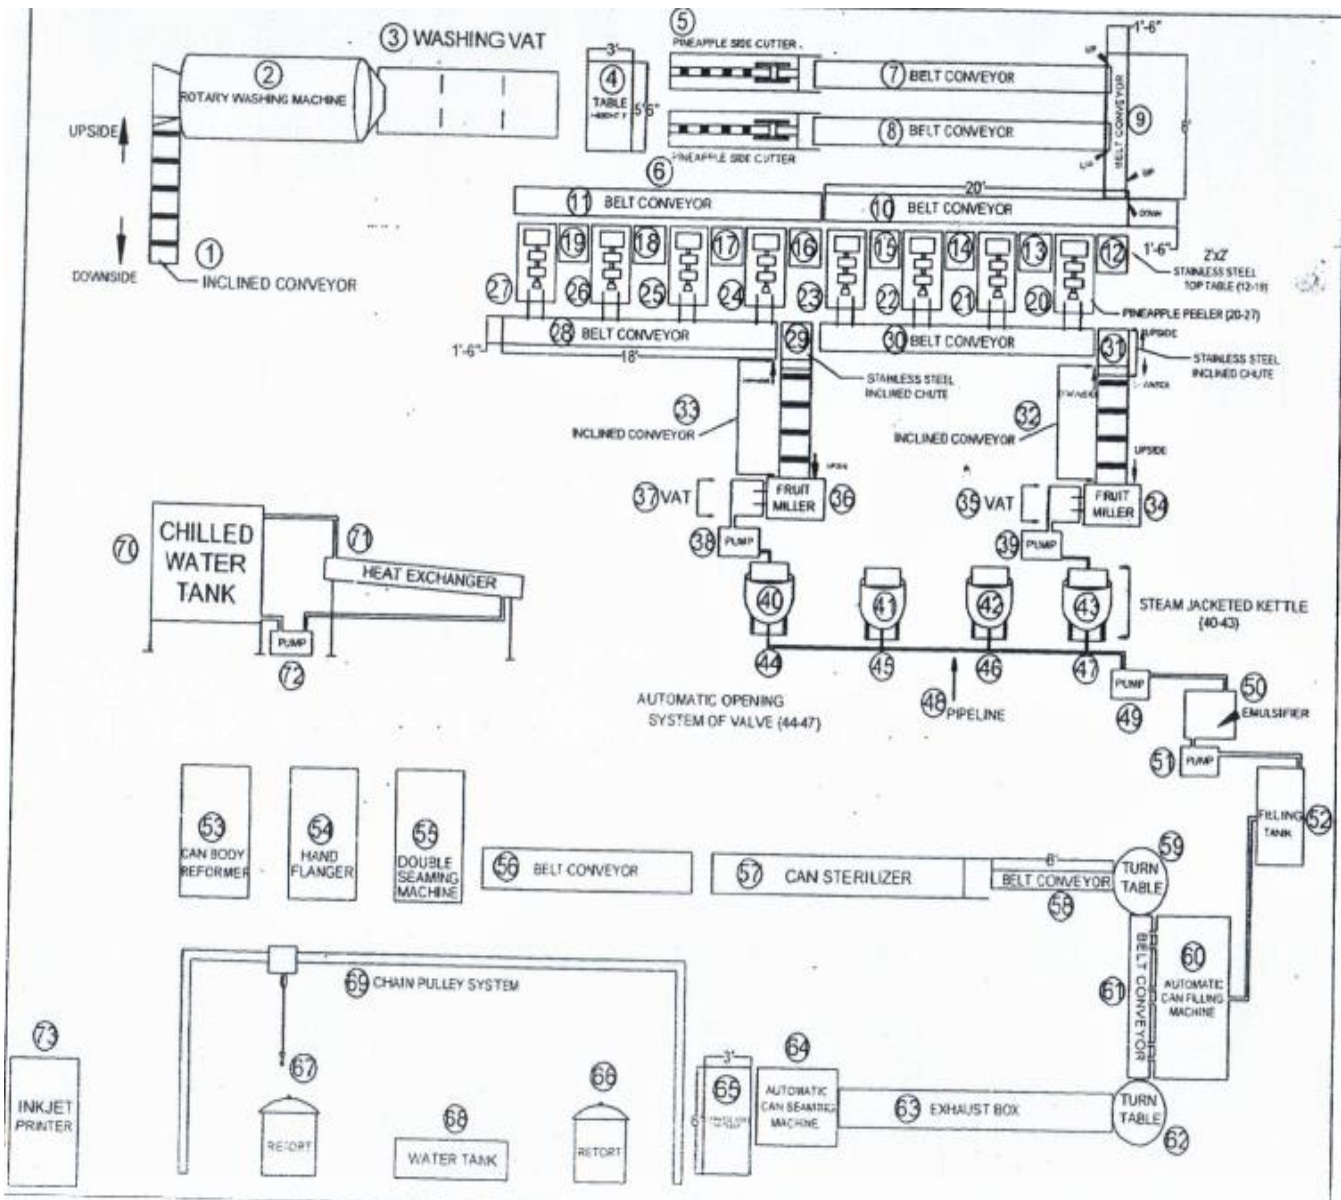

EOI: Multiple Fruits & Vegetables Pulping/ Processing Unit (Selection of Partner &/Operators)

		chamber of 500 Sqm each with a minimum temperature 3 degree
10.	Cold Storage 2	500 Sqm With a clear height of 6 Meter which has 2 chamber of 250 sqm each with a minimum temperature 8 degree.
11.	Ripening Chamber	56 Sqm With a clear height of 9 Foot which has 4 chamber of 19 sqm each with a minimum temperature 2 degree.
12.	Common effluent Treatment Plant	
13.	Solid Waste Digester for Peel Etc.	
14.	Fork Lifts	2 Numbers of Folk Lifts of 8 MT capacity each
15.	Mobile Collection Vans / Cargo Trucks	10 Numbers of 10 MT Each capacity
16.	Dedicated Uninterrupted Power Supply Infrastructure by TSECL for 5 MW with provision of extension	Tripura State Electricity Corporation Ltd has already installed dedicated power supply infrastructure (With requisite HT/LT lines, Transformers, etc) at Tripura Mega Food Park Premises of capacity Around 5 MW (which can be further extended, if needed)
17.	Secured Premises with Boundary Wall and requisite Security System	Tripura Mega Food Park Premises has been allocated security by Tripura State Riffle (TSR) with permanent Police Posting provided by State Government for stable development, Operation, security and safety (for men & material) of the facilities available & the Factory Units being/been set up in the premises
18.	Internet Services	Tripura Mega Food Park Premises has been equipped with high speed internet connection availed by Indian Railways.
19.	Area Lighting illuminated	The Tripura Mega Food Park Premises has been equipped with 18 High Mast alongwith 150 Street lights for providing required illumination with requisite lux
20.	Fire Fighting Brigade/Fire fighting	State Government has already installed the

- 5) The Drawing of Proposed Expansion Plan shall be provided to the bidder during the site Visit
6) Contact details of Representative Authority (Project Manager, Tripura Mega Food Park) for Site Visit:

Name: Project Manager

Mobile No. / WhatsApp No: 8100176421

Email address: manager@tripuramegafoodpark.com

For any further information/questions/clarification: the Bidders may also contact The Project Coordinator, H.O.

Name: Project Coordinator

Mobile No . : 8100176425

Email address : managerunits@tripuramegafoodpark.com

Existing Marketing / Selling Tie Ups of Pineapple Processing Products:

Successful Bidder has the option to avail the existing tie-ups of Sikaria Mega Foodpark Private Limited (SPV).

The following procedure maybe opted by the successful bidder in order to avail marketing and selling tie-ups of SPV:

A. For Pineapple Slicing:

- 1. Sikaria Mega Foodpark Private Limited (SPV) has already tie ups with many Indian and foreign corporates. SPV can buy Pineapple Slices in A2/A10 BPA free Cans, (details specifications: As per EU Standards). Tentative Purchasable Quantity may be about 10 Metric Tons per day (Tentatively Annual Quantity 1000 Metric Tonnes Per annum). It shall be better than existing supplies to EU in terms of Quality, packaging, etc.**
- 2. Rate/Prices shall be fixed mutually subsequently with the successful bidder.**
- 3. All the certifications required for acceptance and export to European Union, BRC & IFS, FSSAI, GMP, etc., will be ordered/ arranged by the successful bidder. The successful Bidder may suitably develop the Pineapple Pulping/Processing Unit, as per requirement.**
- 4. Samples for evaluation shall be developed by the Successful bidder and shall be supplied and shipped free of charge to SMFPL'S clients for sample approval within 45 working days from the date of execution of MOU (along with receipt of deposit) by and between the Successful bidder and SMFPL.**
- 5. After Sample approval, orders may be issued as per EU Standards by SMFPL and Export Supplies may be initiated by the successful bidder.**

B. For Pineapple Concentrate:

- 1. Sikaria Mega Foodpark Private Limited (SPV) has already tie-ups with many Multi National Companies (MNCs) for the procurement of Aseptic Pineapple Juice Concentrate. SPV may buy Pineapple concentrate from the Operator/Successful Bidder as per details specifications of Indian Standards/EU Standards/Client Requirements.**
- 2. Tentative Purchasable Quantity may be about 6 MT per day (Tentatively Annual Quantity 72 Metric Tonnes Per annum). It shall be better than existing supplies to Indians Firms/EU Firms in terms of Quality, packaging, pricing, etc.**
- 3. Rate/Prices shall be fixed mutually subsequently with the successful bidder.**
- 4. All the certifications required for acceptance and export to European Union & Indian MNCs, BRC & IFS, FSSAI, GMP, etc., will be ordered/ arranged by the successful bidder.**
- 5. The successful Bidder may suitably develop the Pineapple Pulping/Processing Unit, as per requirement. Samples for evaluation shall be developed by the Successful bidder and shall be supplied and shipped free of charge to SMFPL'S clients for sample approval within 45 working days from the date of execution of MOU (along with receipt of deposit) by and between the Successful bidder and SMFPL.**
- 6. After Sample approval, orders may be issued as per EU Standards & Indian Standards by SMFPL and Export Supplies may be initiated by the successful bidder.**

7. Tentative Specification of the Aseptic Pineapple Juice Concentrate:

Sl.No	TEST	TENTATIVE SPECIFICATION
1	Description	Brown to dark brown viscous liquid having characteristic odor & taste Of pineapple.
2	Weight Per ml	1.10 - 1.40gm/ml NMT.10 No for 10 gm (By visual Examination).
3	pH	3.00 - 4.00 NMT.10 No for 10 gm (By visual Examination).
4	Total Soluble Solids	50.00 - 100.00%
5	Acidity as Citric Acid Anhydrous	1.50 - 3.50% w/w
6	Escherichia coli	Absent
7	Salmonella species	Absent
8	Pseudomonas aeruginosa	Absent
9	Staphylococcus aureus	Absent
10	Total Plate Count	<=100.00cfu/gm
11	Yeast & Mould Count	<=10.00cfu/gm

Standard Operating Procedure (SOP)

SMFPL proposes to engage reputed food processing companies for operating the Multiple Fruits & Vegetables Pulping/ Processing UNIT located at Tripura Mega Food Park, Agartala, Tripura (“Unit”) on rent basis as per agreement to be signed between SMFPL and the Operators.

General SOP for SMFPL

- 1) SMFPL will transfer the Multiple Fruits & Vegetables PULPING/ PROCESSING Unit for Operations and Management at the location to the selected Operators/Partners (selected during the EOI stage) which is ready to use for plug and play after successful completion of the Unit in all respects and completion of the commissioning and trial run related activities.
- 2) SMFPL shall bear cost of all approvals such as CTE (Consent to Establish), CTO (Consent to Operate) only for allowing the units to be run on a commercial basis.
- 3) SMFPL has completed the unit with sanctioned water and power connections. However, the maintenance and running charges for water and power will be borne by Operators at the location.
- 4) Provide Administrative Support for smooth functioning of the PULPING/ PROCESSING Unit.

General SOP for Partners/Operators

- 1) The Operators of Multiple Fruits & Vegetables PULPING/ PROCESSING Unit will operate and manage the units professionally initially for a period of 5 (five years) which can be renewed further for period of 5 (five years) to provide adequate opportunity for running the unit successfully as per their own business model and building up critical backward and forward linkages needed to sustain the operations of the Unit and create market linkages for processed products as per prevalent applicable laws.
- 2) The Operator shall be responsible for managing the day-to-day operations of the Units, including procurement of raw materials, supplies, utilities supply, manpower, and all other operational procurement, without any recourse to SMFPL in form whatsoever.
- 3) The Operators shall incur any costs towards addition, repair and replacement of parts of machineries from its own funds.
- 4) The Operator shall be entitled to install any additional line, machineries to boost up the production capabilities and improve the quality of the products, based on a plan and prior approval of SMFPL.
- 5) The Operator shall obtain all necessary approvals/nocs, etc required for smooth operationalisation of the Multiple Fruits & Vegetables PULPING/ PROCESSING Unit.

General SOP for Compliances to Taxes / Insurance

- 1) The operator shall ensure compliance with all other provisions of the law including Goods & Services Act, etc
- 2) Operator shall procure insurance to cover all the facilities at the Multiple Fruits & Vegetables PULPING/ PROCESSING unit including the inventories, stores, spares and other consumables against fire, theft, burglary, tempest, rioting and other possible calamities. The insurance policy for the fixed assets owned by SMFPL shall be kept separate and shall be in the name of SMFPL as beneficiary.
- 3) The Operator shall not sublet, under let, lease, assign or transfer the operation of the unit to any other agency.
- 4) The Operator will be entitled to create security by way of hypothecation of the raw materials, work-in-process and finished goods only at the unit for raising loans for working capital.
- 5) However, the ownership of all the fixed assets including the facilities and other utilities and infrastructure at the unit shall remain vested with SMFPL, and no security / charge shall be allowed to be created on such fixed assets, except any fixed assets that the Operator may have purchased and installed at the Units.

General SOP for Food Safety

- 1) The Operator shall have to obtain FSSAI license from Food Safety and Standards Authority of India for the respective Unit.
- 2) The Operator shall maintain the unit and its respective premises in good sanitary conditions and undertake annual maintenance of the facilities at their own costs.
- 3) The Operator shall keep the unit in the good working conditions and shall follow good manufacturing practices to ensure food safety.
- 4) The Operator shall be responsible for all compliances with all regulations and statutes governing food processing industry in India.

General Manager, Kolkata HO
Sikaria Mega Foodpark Private Limited

Sub: Request for Proposal for Operation, Maintenance and Management of Pineapple Pulping/Processing Unit(Tripura Mega Food Park) - Technical Proposal.

Dear Sir,

We, the undersigned Applicant have read and examined in detail the EoI Bid document for operation, maintenance and management of Pineapple Pulping /Processing Unit at Tripura Mega Food Park, Agartala, Tripura.

We confirm having submitted all the details in support of qualifying criteria as required by you along with this Application and all other necessary documents.

In case you require any further information in this regard, we agree to furnish the same. We hereby declare that the Statements made in this proposal are true and accept that any misinterpretation contained in it may lead to our disqualification. We hereby declare that we were never blacklisted by any Central/ State Government/PSU/Public Authority or Organization. We understand that you are not bound to accept all, or any EOI bid you receive.

Yours Sincerely,

Authorized Signatory

MODEL AGREEMENT(IV)

AUTHORISATION AGREEMENT FOR USE OF STORAGE SPACE ON MULTIPLE FRUITS & VEGETABLES PULPING /PROCESSING UNIT

Sikaria Mega Foodpark (P) Limited (SMFPL/SPV), is a Special Purpose Vehicle Company under Ministry of Food Processing Industries, Govt. Of India dedicated for the development of Tripura Mega Food Park in the State of Tripura

THIS AUTHORISATION AGREEMENT for use of Multiple Fruits & Vegetables Pulping /Processing Unit basis is made on this _____ day of _____ between SMFPL having its Head Office at CF-9, Salt Lake City, Sector – I, Kolkata 700 064 (hereinafter called “SPV” which expression shall include its successor or successors in interest and assigns) and M/s. _____ represented by its authorised signatory (letter of authorisation / Board Resolution/Power of Attorney to be enclosed) Shri _____ (_____) (hereinafter referred to as “the Second Party” which expression shall include its successor or successors in interest, legal heirs and representatives).

AND WHEREAS the Second Party has requested SPV for providing Unit at CPC of Tripura Mega Food Park for Operation of Multiple Fruits & Vegetables Pulping /Processing Unit (only the notified commodities under the FSSAI license issued from Food Safety and Standards Authority of India), belonging to the second party or its clients as service provider (letter of authorisation to be enclosed). In consideration of the Second party’s request vide their letter dated _____ SPV agrees to provide the Unit space along with plant and machinery of 475 Sq. Mtrs. at CPC of Tripura Mega Food Park on the following mutually agreed terms and conditions:

- 1) The Second Party will utilise the Unit along with plant and machinery of 475 Sq. Mtrs. for a period of _____ year/s w.e.f. _____. Both SPV and Second Party shall have the option of renewing this agreement on mutually agreed terms and conditions.
- 2) The rate of Unit charges along with plant and machinery shall be Rs. _____ per Sq. Mtr. per month of part thereof on gross area basis. The aforesaid Unit charges will be subject to enhancement from time to time at the discretion of SPV. The service tax/GST as applicable from time to time shall be payable extra by the Second Party.

EOI: Multiple Fruits & Vegetables Pulping /Processing Unit (Selection of Partner &/Operators)

- 3) The Second Party shall deposit three months Unit charges in advance as interest free security deposit with SPV which shall be refundable to the Second Party at the time of vacation of Unit after fulfilling all its liabilities.
- 4) The Second Party shall make their own arrangements for comprehensive insurance of stocks stored in the demised premises, covering thereby stocks against all insurable risks such as theft burglary, pilferage, flood, cyclone, fire, civil commotion etc. renewing the policies from time to time and keeping the policies in force. SPV shall not be responsible to make good any losses/damages to goods and the Second Party shall indemnify SPV for all the costs which may be incurred by SPV for loss minimization with respect to insurance claim or any consequential loss to SPV.

Insurance Policy so obtained by the Second Party would be endorsed in favour of SPV to protect the interest of SPV, as bailee of the goods.
- 5) The building insurance, in case of owned on Multiple Fruits & Vegetables Pulping /Processing Unit, shall be arranged by SPV. In case of any malafide action or negligence on the part of the depositor or his employees or any other person on his behalf as a result of which the claim of SPV is rejected, Second Party shall compensate the loss to SPV.
- 6) The payment of Unit charges will be made within four days of raising the bill in advance. It is also agreed that such bills would be submitted to the Second Party by the Project Coordinator/ Project Incharge Multiple Fruits & Vegetables Pulping /Processing Unit of SPV, on or before 3rd day of every month. In case the payment is delayed/not made, interest @ 18% per annum will be charged and will be payable by the Second Party.
- 6.1 In case payment is not made for a maximum period of 2 months by the Second Party it shall be treated as breach and agreement stands terminated.
- 7) The Second Party will ensure to carry on their transactions in the said Unit under the overall discipline of SPV and shall also abide by various laws of the land. The Second Party will also assume the responsibility for any damages to the property due to their negligence while the same remains under their use.
- 8) The Second Party is required to take all the clearance/permission etc from fssai, Tripura State Pollution Control Board Tripura State Factory & Boiler Organization and any other statutory bodies for storing/ processing etc the goods from the concerned authorities and liability if any, on account of violation/non-compliance occurs, the same will be to the

EOI: Multiple Fruits & Vegetables Pulping /Processing Unit (Selection of Partner &/Operators)

account of the Second party and SPV will not be responsible for the same including the expenses for defending/initiation of any legal suit/proceedings.

- 9) The Second Party is allowed to maintain their own stock accounting of goods stored in the Unit on dedicated warehousing basis. The Second party is also permitted to deploy their own security personnel for the storage space allotted subject to overall discipline and control of the Project Incharge Multiple Fruits & Vegetables Pulping /Processing Unit /Estate Manager of SPV.
- 9.1 The Second Party agrees to allow SPV officials or its authorised representatives for inspection of the Unit premises at any time to ensure compliance of the terms and conditions of the agreement and any other rules and regulations.
- 9.2 Access control at the main gate of the Unit to be manned by SPV and recording the movement of inward and outward of vehicles to be done by SPV for which the second party shall produce requisite documents / information to the authorised representative of SPV at main gate.
- 10) SPV based on the request of the party would consider providing separate water, telephone and electricity connection wherever feasible. Cost of installation shall be borne by the Second Party. The payment for all the utilities will be made by the Second Party with intimation and necessary proof to SPV.
- 10.1) The overall load shall not exceed the sanctioned limit & the contractor shall maintain the approved plan of plant and machinery layout as per tender.
- 10.2) Cabling etc. to be done and removed at the cost of the Second Party.
- 10.3) Separate sub-meter is to be installed by the Second Party at their cost and the electricity charges to be paid on actual basis as calculated in the highest applicability of Electricity Supply Authority's rates along with proportionate cess and levies, service tax, if any, calculated on actual consumption basis.
- 10.4) If due to their using the electricity, SPV is required to pay a higher tariff for electricity than the prevailing highest tariff applicable, and due to change in the categorization/structured load the difference/additional liability of whatever nature, on this score is to be borne by the Second Party.
- 11.0) SPV agrees to allow Second Party to carry out their transactions from 9.00 a.m. to 9.00 p.m

EOI: Multiple Fruits & Vegetables Pulping /Processing Unit (Selection of Partner &/Operators)

- 11.1) The Second Party may carry on their transactions in the nominated Unit beyond the working hours as specified in clause No.11.0 subject to permissible time limit as may be prescribed from time to time under relevant statutory provisions applicable to the transactions.
- 12) The Second Party shall be entitled to remove its goods, fittings, fixtures etc. at their own cost and hand over the Unit to SPV after restoring it in the same condition in which it existed at the time of commencement of the agreement.
- 13) The Second Party shall have to bear service tax, GST and any other tax levied by Central/State/Local bodies from time to time including Stamp Duty if any imposed on execution on this agreement. The Second Party shall also have to bear the GST, tax/duty etc. imposed in the aforesaid transaction on account of enactment of new Act or any amendments made in the existing Acts/Rules.
- 14) Any other tax/levy imposed by the local bodies on account of their business activities / operations at CPC of Tripura Mega Food Park Multiple Fruits & Vegetables Pulping /Processing Unit the same shall be borne / payable by the Second Party without any demur.
- 15) The second party is forbidden to sublet the demised premises to any third party. Any violation to this clause shall be deemed as a breach to this agreement and the same shall be liable for termination, as per clause 17.
- 16) No alteration, modification or structural changes in the Unit/ demised premises shall be undertaken by the second party without written prior permission of SPV. However, the second party may undertake whitewash/colourwash/floor painting and install their furniture fixtures, at their cost.
- 17) The arrangement can be terminated by either party by giving 3 months advance notice or changes in lieu thereof. However, in case breach of provisions/conditions of this agreement by the Second Party, SPV can immediately terminate this arrangement without resorting to 3 months notice.

ARBITRATION CLAUSE

- 18) All disputes and differences arising out of or in any way touching upon or concerning this agreement whatsoever shall be referred to the Sole Arbitration of any person appointed by the Managing Director, Sikaria Mega Foodpark (P) Limited, Kolkata.
